Alto Vista 69

Alto Vista 69

Poco casnan na campo ta asina bon conserva manera esun aki den su estilo rustico manera e cas di Alto Vista 69. Tur e elementonan caracteristico t'ey presente. Su fogon autentico, e pos di awa dushi, e panchi nan di antaño, e get di dak bunita profila, e bentana di palo cu por cera habri tanto di porta como bentana. E sitio ideal cu e cas ta situa, pa tene cuenta cu biento y solo. Arkitectura Arubano asina unico, cu te ainda nos no ta tene cuenta cu ne.

Alto Vista 69

Only few cunucu houses in Aruba have been preserved as well as the dwelling house Alto Vista 69. All characteristic elements are present: the traditional chimney, the well, the tiled roof with the decorated, profiled gutter, the clamped wooden shutters before the windows and doors, the favorable windward position, There is still too little awareness of the rather unique nature of traditional Aruban architecture.
